Science Week of May 26 - 29 – All assignments are posted in Teams

Monday – No School

ENJOY the day off!

Tuesday – Driving Questions

1. Think about what you already know about the water cycle. **Read the questions, then tell someone at your house the answers.**
   - What are the different forms of water found on Earth? (think about forms that are solid, liquid and gas)
   - What happens to a puddle of water on a sunny day?
   - Where do clouds come from?
   - Where does rain come from?
   - How old is water on Earth?

2. Click on the link to learn about the water cycle on Generation Genius. **Click on the microphone to have it read it to you.** https://www.generationgenius.com/water-cycle-reading-material/

3. Open the Word document (Edit in Browser). **After reading answer at least 3 of the questions above in writing.**

4. Press "Close" then "Turn In."
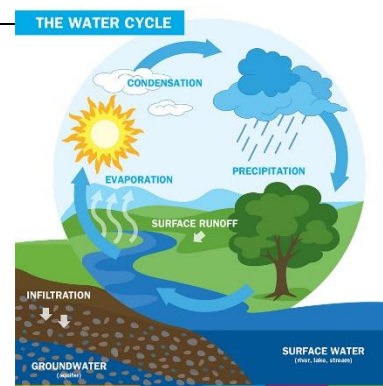

Wednesday – Video

Watch the Generation Genius video to learn about the water cycle.
https://www.generationgenius.com/?share=58A20

2. Open the word document (Edit in Browser). **Answer the questions.**
   - How do we know there is water vapor in the air?
   - What causes water to change from a vapor to a liquid, or a liquid to a solid?
   - Does water become cleaner when it evaporates into water vapor? Why or why not?

3. Press "Close" then "Turn In."

THE WATER CYCLE

Thursday – Activity

1. Open the PDF and **follow the instructions for the Water Cycle Activity**. If you don't have access to materials or it isn't a sunny day, rewatch the DIY part of the video. It starts at 10:11.

2. Open the word document (Edit in Browser). After making observations, **answer the prompts in a short paragraph:**

Describe what happens when the when the water is warmed by the sun. What forms on the plastic wrap? What happens to the grass and the dirt? Why is there water in the small bowl now?

3. Press "Close" then "Turn In."

Friday – Quizizz

1. Click on the link to **find out what you learned about the water cycle.**
https://quizizz.com/join/quiz/5e83937b82224f001bc295b7/start?studentShare=true

2. Open the word document (Edit in Browser). **Type in your score.**

3. Press "Close" then "Turn In."
