

## Grade 2- May

Each activity is designed for ONE day of Technology learning. Each of the activities should take approximately 20 minutes to complete and each of the following should be completed over 4 weeks.

You will be keeping track of the activities you have done each week on the tracking sheet found in teams. This must be filled out each week in order to receive credit for completing the activity.

You can choose the order of how you complete them.

\*\* As you can see there are more than 4 activities you can pick the 4 you would like.

### ➤ Typetastic

Keyboarding Practice

<https://my.typetastic.com/login?id=9kbd8kaff>

In this Common Sense Education lesson on Digital Citizenship, students learn how to correctly give credit to others' work; in order to help them leverage technology safely, responsibly, and ethically.

Room 25	Course C (2019)	YFNXDG
Room 24	Course C (2019)	ZJLQMP

If you need your character login please contact Ms B

## ➤ Pixel Art

Strand: Creative Communicator

Standard: 6.b. create original works or responsibly repurpose or remix digital resources into new creations.

I Can Statements:

I can use drawing tools to make pictures of my original story

ABCya Paint is a great way for kids to engage in digital storytelling! Fun tools and accessories such as stickers, coloring pages, spray paint, stamps, typing, and rainbow brushes help kids' stories come to life. Images can be saved and printed, and shared with classmates and families.
